## **Electrical Permit Fee Schedule**

Effective: September 1, 2009

Fees are based on *either* RESIDENTIAL or ALL OTHER FEES. Do not use *both* categories to determine your fee. If an electrical permit is not filed in advance of the commencement of an installation, the permit fee shall be twice the amount.

**Temporary construction meters** require a separate permit application from any other activity.

**Section A. RESIDENTIAL:** This fee (based on the enclosed living area only) includes construction of, or remodeling or addition to a single family home, a unit in a duplex, a condominium, or a town house. *If you are only providing or changing a service and not wiring any portion on the above, see Section B below for correct permit fee.*
