

PART-TIME RESIDENTS ADVISORY BOARD

August 14, 2009

Mayor Bill Boineau
Town Council
Town of Snowmass Village
Snowmass Village, CO 81615

Dear Mayor Boineau and Town Council Members:

The Part Time Residents Advisory Board encourages the Town of Snowmass Village Town Council to collaborate with Pitkin County Board of County Commissioners in the development of a clean energy local improvement district. The establishment of such a special district would be directly beneficial for all residents of Snowmass Village, including part time residents, who wish to increase the energy efficiency of their homes but who may be discouraged by the initial costs of doing so.

We also strongly support the development of mechanisms that will enable multi-family dwelling units, such as Home Owners Associations and condominium member associations to take advantage of clean energy financing, since individually and as corporate entities, they are also property owners and as such pay property taxes, and are thereby eligible to participate.

Sincerely,

Part-Time Residents Advisory Board

Greer Fox, Chair
John Barrett
George Bletsas
Mel Blumenthal
Mery Claire Butler
Colleen Doyle
Victor Rauch
