

Mr. Von Holten and Mr. Doorn

It must be a true testament to how spectacular the Snowmass Village employee party was that I regretfully neglected to introduce you to your guests, the grateful employees of this remarkable town. I was simply too busy having a wonderful time and eating amazing food!

So, I would like to take this time to personally thank you for a very special evening last Friday. As we are all aware, there hasn't been much to celebrate lately as we help each other struggle through this recession. But last Friday you were able to provide us with an evening where we could leave that all behind and simply enjoy the food and the company, and celebrate the holiday season in style!

Again, thank you for your hospitality and for sharing your amazing culinary talents with us. Whispers of "that was the best holiday party we've ever had" are already echoing through the halls.

May you have the happiest of holidays,
Russ Forrest
