SUBJECT: Schedule Change for the Sky Cab Operations (September 10th vs. 17th)

A schedule change has been requested by the Snowmass Tourism Office. This request is to run the skittles lift on Saturday, September 10th versus Saturday September 17th. The skittle operation is requested on September 10th for the 12 Hours cycling event, Oktoberfest, and a 500 person conference in Town that needs transportation between the two nodes. September 17th is the day of the Wine Fest/Balloon Fest. The Balloon Festival does not require skittles operation. Some Viceroy guests will use Skittles to get back and forth to the Wine Festival. However, the Wine Festival is located in the mall and most participants arrive via car or bus to the Mall.

The Elk Camp Gondola summer operations will end on September 5th. The alternative is that the Snowmass Tourism Office could choose to pay or not pay for operations on the 10th and the GID could maintain their approved schedule/budget. Ridership numbers were not available from the Ski Company for last year's wine festival.
