Re: Info Update

---

#### CHANGE OF VENUE

We have moved the location of the November 4 Town Council meeting to the Community Training Room in the new Fire Station. This will allow the County Clerk to use the Council Chambers as a voting station on November 5 and will allow for a good location and a/v capabilities for this meeting. The meeting won't be broadcast live, but it will be available on the world wide web shortly after the meeting ends.

#### NEW AND IMPROVED

I will be at a Herd of Nerds (aka City Manager) conference through Wednesday 10/23. With any luck, I will be greatly improved when I get back. In the meantime, if you need me, feel free to ship me an e-mail or call my cell.

#### DIG WE MUST FOR A BETTER VILLAGE

Lots of Town projects will be underway next week. The Recreation Center solar project, Recreation Center HVAC, Carriage Way Boilers, Coffey Place and Vidal Gulch storm water to name a few.

#### TID BITS

- Heat tape, snowplows and tires; oh my. We are busily winterizing everything and getting ready for another epic season.
- December 3 is our next tourism talk
- IT'S STILL BUDGET SEASON!
- On Dec 3 we will be coordinating a part time job fair for local businesses.
- We are continuing to explore possible improvements to fanny hill concert venue. The Tourism Board has offered some opinion and insight that are being explored.
- We are continuing to make progress on the construction of the monument bases for new variable message signs at the entrance to the Village. They are expected to be completed in time for the upcoming winter season.
- We think we have found the source of the mild stink that has been emanating from near the Wood Road Bridge. A sand/oil separator needed some maintenance. The necessary maintenance work is expected to be completed soon.
- Winter bookings are looking strong. Snowmass is currently pacing up in occupancy +13.58% while Aspen is roughly flat to last year. As of the most recent data, we are crushing of our competitive set in projected occupancy for the upcoming season.
